

Power Payments for the Software Industry

\$14 Billion+ in Annual Transactions Processed

80% Of the Payments Workload Eliminated

Software companies are doing more with less using Tipalti

- Supplier Payments
- Vendor Payments
- Partner Payments

Tipalti automates the entire process for paying your global suppliers and contractors. By scaling payments, you'll automate invoice workflows, easily onboard suppliers, pay in 196 countries using 120 currencies, and centralize the entire multi-entity payables operation.

UPTAKE

- 600 hours saved on the month-end close process
- Implemented approval workflows & compliance controls
- Rapidly scaled without adding headcount

TOP HAT

- 30 hours saved per week
- Automated multi-entity invoice processing and reduced errors
- Implemented payments tracking, audit trail access, and approval visibility

With Tipalti, we can now bring strategic value to the company.

Andrew Cole
Senior Accounting Manager,
Uptake

Tipalti is the single source of truth for our payables.
